

WASP CAMO

The WASPcam 9906 CAMO camera was specifically designed for outdoor activities, giving users the option to turn off all camera noises & lights.

The 9906 CAMO camera kit includes 2 new mounts, part #9809 Outdoor Utility Mount and part #9917 Jaws Clamp Mount. These two mounts allow outdoor enthusiasts to mount their camera in many different ways.

The 9906 CAMO camera also shoots video in 2K & still photos in 16MP quality, allowing users to capture their adventures in crystal clear HD.

Waterproof seal prevents power port from getting wet

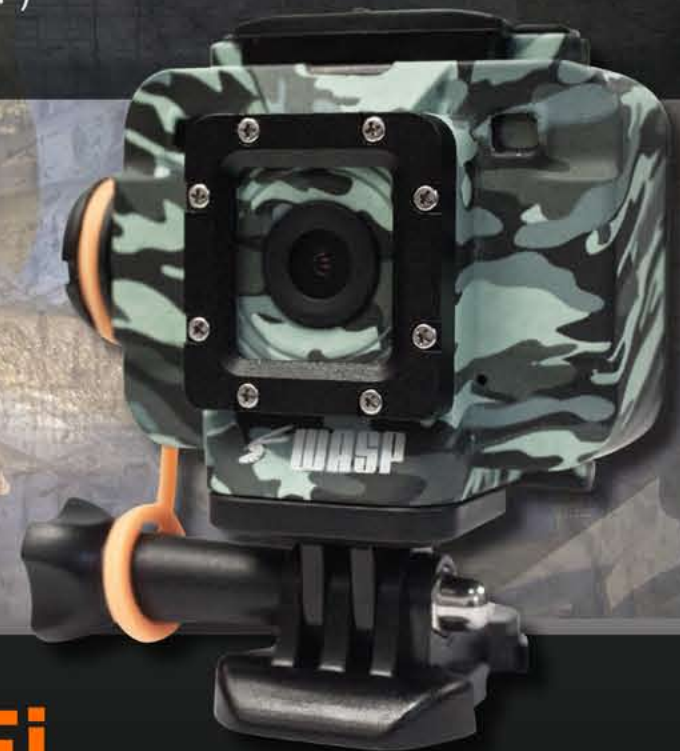

FEATURES

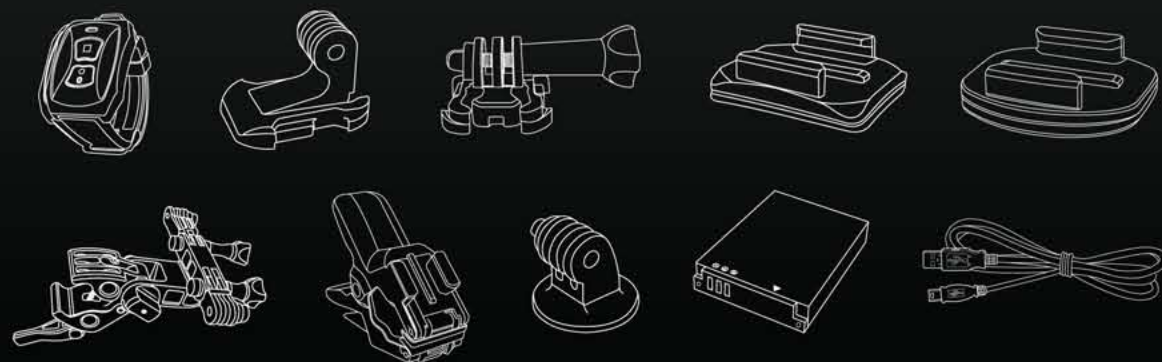

- Waterproof without a case down to 98 feet (30 metres)
- Records HD video at 1440p/30fps, 1080p/60fps, 1080p/30fps, 720p/120fps, 720p/60fps, and VGA/240fps
