The WASPcam 4K Mini Side Bracket allows users to mount optional accessories directly onto the camera, or attach the Side Bracket to WASPcam mounts for a different filming angle.

Wi-Fi

Capabilities

Connects to WASPcam App for Smartphones

Users can control their WASPcam 9907 4K camera remotely by turning their Smartphone into a live view remote control. The WASPcam App allows users to record video, take photos & see what the camera sees from up to 25 feet away.
