

(DS-CHAFE24) 24 IN X 600 FT Anti Chafe Tape

24" wide by 600' long "Light Tack" Anti-Chafe Tape. 3-mil backing with UV protection.

Dr. Shrink's Anti-Chafe Tape is a high performance polyethylene film with a "light tack" adhesive providing a tough, puncture resistant barrier preventing scratching or chafing. This tape is designed to leave no residue while providing a UV protected surface between the shrink wrap and the covered object.
